Apologies:

John Burns, Senior Project Manager, [Hammerson plc](#)

Our key item today was a presentation on the Brent Cross Cricklewood development by Magedie. We should have up to-date slides of his presentation available to member after Christmas. We should begin to see lots of activity on the development in the coming year with works on the Cricklewood Lane/A5 junction scheduled for mid 2018. We discussed the impact and opportunities of the development on Cricklewood businesses and the need to position ourselves to benefit from this.

25% of workers on the development should come from the surrounding area.

Eoin suggested that business are invited to provide a one A4 promo page of their business which can be made available to contractors on the development so that they are aware of what is available to them in Cricklewood.

AOB:

No Drinking Zone: PC Elton Koci reported that he and colleagues continue to record evidence that would support the implementation of a PSPO-Public Space Protection Order for street drinking in identified hotspot locations such as Cricklewood

Next meeting dates as follows:

- 6th February 2018
