Can you remember Ashford Place in your Will?

At Ashford Place, we believe in the power of our local community to support people. We help our neighbours to make positive and productive choices to change their lives for the better.

With a gift in your Will, you can make sure Ashford Place is here to support future generations.

How a gift in your Will helps your local community...

When you include Ashford Place in your Will, you can:

- Support people who need help and guidance to escape homelessness, find secure accommodation and reconnect them with family and friends
- Bring the elderly, the isolated and the socially excluded back into the heart of our community
- Help those suffering living with dementia and mental health issues to enjoy life and discover their potential

Perhaps a loved one is currently being supported by Ashford Place. A gift in your Will can give you the peace of mind that they will be **looked after and supported, and not be forgotten.**

This very special gift means the love and care you have shown to your neighbours throughout your life can live on for generations to come. With your support, people right here in North West London can reclaim their lives from illness and isolation and regain their place in society.

I struggled with alcohol dependency and poor health. Ashford Place supporters helped me transform my life. I have included them in my Will because I don't want others to end up like I did so hopefully this will help them help more people like me.

-Tom

Including us in you Will

When it comes to writing your Will, family and friends always come first. However, many people choose to remember a cause that has meant a lot to them during their life. It's their way of making sure their values can live on, long into the future. It's also a wonderful way to continue your commitment to your local area and community.

Including Ashford Place in your Will won't cost you a penny today and any gift, large or small, will make a huge difference. Your gift means Ashford Place can continue to change lives in the heart of North West London for as long as we are needed.
